Comments:

We recently enjoyed an adventure with our young children backpacking in this area. This was one of the highlights of our trip, and has inspired our children to consider moving to Alaska when they are old enough. We would be so sad to see this area changed in such a drastic manner.

Beyond personal appreciation of this forest, it is my understanding that clear cutting and making roads goes against the Roadless Rule.

I would like to see the Tongass Forest remain wild and full. Please do not remove large areas of trees.
