Comments:

I strongly oppose any additional wilderness in the Custer Gallatin national Forrest. As a snowmobiler, wilderness areas mean that I lose my right to enjoy the national forrest. Snowmobiling in the winter has very little impact to the forrest due to the thick blanket of snow and lack of wildlife in the deep snow environment.

I also strongly oppose any more wilderness area as it limits access to the national forrest by the elderly and the disabled by limiting there entry into these forrest to non motorized methods.

By not putting the wilderness designation in these areas you provide more people access to these PUBLIC lands. Everyone deserves equal access.
