Please choose Alternative A

The motorized community already has so little to enjoy and not everyone is a pillar of health and able to hike everywhere.

I am a lifetime Park County resident and want to continue using the forest in the way that I enjoy for many years to come with my grandchildren and with any luck, their families. We do not need additional areas locked up into wilderness for only a handful of the population to enjoy and for the less fortunate to just be able to remember that they used to be able to go there.

The Crazy Mountains are a beautiful range that the motorized community has only a tiny portion that we can access. Please dont take what little there is away.
