Grizzly Bear Recovery Zone

Dear Fellow Americans & World Citizens,

I'm sure you agree this is not just OUR planet as humans - nor is it just our country and continent. We are as much tenants of Mother Earth as any of its smallest inhabitants.

Grizzly bear are as worth of life as us and we have done little to help them survive as Americans. Mostly, we've destroyed their habitat.

The fate of many is in your hands.

It's important to expand the GB Recovery Zone to include all of the Absaroka-Beartooth, Bangtail, Bridger, Crazy Mountains, Gallatin, and Henry's Lake. The Zone MUST cover the whole national forest. Please do the right thing.

Thank you,

William J Graham III
