Comments:

I would like to register my objection to making the Primrose Trail unusable to motorized users by putting a nonmotorized zone across it. This trail is very popular to access the Lost Lake system for snowmachining, and unless someone is seeking to restrict this access for some reason I fail to see the point in blocking access. The Firehouse Trail that is available is often unusable due to the steepness of the grade and the ice that forms there. Please reverse this decision by leaving the Primrose Trail open to motorized users.
