Title:

Comments:

Mr. Secretary,

Please continue to maintain the Roadless Rule in the Tongass area. The reason for this is simple: Many generations of our families (along with countless others) will appreciate it big-time. In fact, that ought to remain the mandate's position, once you even think about it that way. I am part of this loud chorus calling for Monument status for the Tongass and other areas. We don't need those treasures looted any further.

Sincerely,

Jim Crittenden
