Dear Sir or Madam:

The No Action Alternative (#1) is the only Alternative that should come out of this inappropriate and destructive DEIS. The Roadless Rule should remain intact across the entire Tongass NF. This proposed Tongass Roadless Rule exemption would cost taxpayers millions, with benefits going only to private companies, all the while destroying priceless wildlife habitat, tourism lands, and watersheds. This exemption would set a dangerous precedent for other US Roadless Areas. This is all about politics and making money.

Please withdraw this Roadless Rule exemption or choose the No Action Alternative.

Thank you very much.
