First name: Kurt

Last name: Whitehead

Organization: Klawock Alaska Fish & Game Advisory Committee

Title: Member

Comments:

Alaska's local Advisory Committees were established to promote and protect the common interests of Alaska's fish and wildlife resources, which is a vital component of Prince of Wales social, economic and ecological well-being.

The Klawock Advisory Committee appreciates the ability to comment on the proposed activities in the "Out-year Plan" for the Price of Wales Landscape Level Analysis Project.

The Klawock Advisory Committee agrees that healthy spawning streams that support our fish and healthy forests that support our deer herd are our highest priorities.

Stream restoration, increased buffer zones around our streams and wetlands, recreation projects and limiting sediment runoff into our streams are also very high priorities for the committee.

The committee is strongly opposed to more roads and more clearcuts. We are also opposed to water barring roads. We feel the water bars increase the sediment loads in the streams and make deer harvest opportunities more difficult.

Respectfully,

Dennis Nickerson-Chair, Brenda Leask-Vice Chair, Stacey Skan-Secretary, Nick Nickerson, John Skan, Marvin George, Mike Kennedy Sr., Tom Leask, Algie Frisby, Kurt Whitehead, Irving Langmaid, Carl Benston, Tylo Kennedy
