Comments to oppose modification to the Roadless Rule

Dear U.S. Forest Service,

Our ancient forests are critical to climate resilience. The Tongass is essential to keeping us safe. It is also home to wildlife and the heart of what Roosevelt wanted for America, to preserve our national treasures for future generations.

Our family begs you to select the "No Action" Alternative (Alternative 1). Keep the Roadless Rule intact on the Tongass National Forest.

Sincerely,

Gina Farr
