Alaska Roadless Rulemaking #54511

Roadless Rulemaking,

Dear Sec. Perdue,

You might as well go ahead with Trump's scheme to exploit the Tongass wilderness to commercial means. It's capitalism at all cost, right? This science based global warming nonsense is ridiculous, right? We need to keep demeaning these people who campaign in support of global warming, no matter who they are or what age they are, right? We need to tip our hat to taking native lands of the Amazon for the same reasons. You are a good Trump lackey and should there much of a history left for mankind on this planet, I hope it remembers you well. Go ahead, for I can fight no longer.
