Comments:

I ride OHV trails near Suches, GA, often and am very concerned that closing it will limit my ability to enjoy healthy, active recreation my friends and family. I typically spend about \$50/week at local businesses when I use the trails.

My club also uses the OHV trails near Suches and would be willing to talk with the Forest Service about how we can work together to improve trail conditions, sustainability and enjoyment for users. We are an organized group of about 125 seasoned riders and actively participate in trail management, forest preservation and education about two wheel adventure riding across North America.

Any closures of OHV areas on the Chattahoochee National Forest should be offset with the establishment of new OHV areas on the forest offering the same opportunities.
