HC4016

U.S. Forest Service Alaska Roadless Rule Committee:

I am an Alaska resident and have a BS in Fisheries Science from Oregon State U. I have seen the destruction of wild salmon runs in Oregon, Washington and California by development. We Alaskans know better, don't we?

Please uphold the Rule's protections for important fish and wildlife areas, including the Tongass 77. Please do not roll back roadless area protections for habitat that our irreplaceable fish and wildlife populations need to survive.

Sincerely,

Gail Heineman
