Dear Friends,

Thank you for supporting the No Action amendment, preserving the Roadless Rule in the Tongass. My partner Joel & I are SE AK salmon trollers, dividing our lives between the North Pacific waters of the Tongass & a land-bound home in Bellingham, WA. We self-market all of our catch, spending the winter sharing beautiful coho & king salmon- the taste of America's Salmon forest- with customers in the Pacific NW & across the country. Our customers are food co-op members in Minneapolis, families in the Bay Area, & chefs throughout Washington. The irreplaceable spawning/rearing habitat of the Tongass is essential to a thriving fishery that in turn supports small businesses & economies nationwide. Thank you for keeping the Roadless Rule intact.

Sincerely,

Tele Aadsen
