Comments:

Thank you for listening to the comments from the mountain bike community. I want to say please keep the trails as is. Mountain bikers from all over Georgia come to Jake and Bull Mtn to ride these awesome trails. They have something for everyone. Keep in mind that the trail map on this page is incorrect as it states that the trails are only horse trails. Not so. Furthermore, the mountain bike community has taken great care to maintain and improve the trails over time. We have a vested interest in these trails. We love them. Thank you!
