Comments:

I am incensed that my voice is being taken away from providing input on the Foothills Landscape Project, which is to take place on federally owned land. I pay taxes, which makes me a partial owner of this land. Without knowing what exactly is to take place as part of this project, I am not able to make an educated decision about whether or not I agree with the actions to take place with this project. Public input should be allowed for as long as it takes to develop a complete management plan for the project.
