N GA Trails

Hi, I wanted to voice my concern for the trails up in North GA. Apparently, Jake and Bull Mountain Trails near Dahlonega (hike, bike, horse) are being evaluated by the US Forest Service. We love these great N GA trails, so please help to keep them as-is.

As a horse owner and mountain biker, it is so hard to find trails like these. The area is beautiful and also challenging. Furthermore, there has been considerable amount of money spent on the trail with professional help hired to improve Jones Creek Damn Trail.

Please don't decommission are favorite trail system in GA.

Nina Roger
