Foothills Landscape Project #52509

Hello,

I strongly oppose this project. My understanding is this project proposal was presented in an untimely, almost hidden manner, with a poorly defined scope of exactly where and what is being done. It seems like to me it is being hurried along to get approval as soon as possible before word gets out about it. I have strong concerns this is in a round about sort of way being driven by Donald Trump environmental policy or lack there of. If it is shame on you all. Donald Trump only cares about the now, the current economy, and his re-election. He gives two craps less about the future nor the environment. But you all certainly should care about the environment. Please do the right thing. Don't be bullied by ignorance.

Sincerely,

Dave
