Comments:

Thank you for this opportunity to voice my concern.

My concern is with hunting dogs used by people who lease property on two sides of my property.

The hunting dogs:

-Keep all wild life stirred up before and after hunting season as some dogs are allowed to run day and night

-Fight with my farm/cattle dogs. My dogs try to protect my property and the cattle that graze upon my property.

The hunting dogs sometimes get lost and seek food and shelter on my farm which leads to altercations with my dogs. The hunting dogs are much larger than my farm/cattle dogs.

-There is no peace since the hunting dogs chase the deer during the day and sometimes at night.

-Neighbor's children and my children do not have a chance to hunt because the dogs run the deer so much

-Hunters troll the road in front of my house watching for their dogs, but they also seek opportunity to shoot deer crossing my property.

-Most of all it is so dangerous to my family and the cattle on my property for hunters to be trolling in the woods and on the county roads in front of and beside my house. Don't say they aren't suppose to have their guns out..

-I ask that hunting leases be denied if dogs are used.

I thank you for your time and for an opportunity to voice my concern and the concern of my neighbors.
