Comments:

Although we live about 2 hours away, we ride the trails in GWNF often. We love the scope of the trails available but would love more trails for beginner/intermediate riders. More trails in the Narrowback area would also be beneficial as sometimes drive times can be long to get to distant areas, especially on gravel roads. Singletrack connecting Narrowback to Wolf would significantly reduce driving as these could more easily be linked by riding on the bike. We really appreciate all the work being done in the forest. Having ridden trails in many areas, we are extremely lucky to have such a terrific network of trails so close to home. More/new trails are always appreciated and would certainly be a draw for people coming to GWNF as a destination. Thanks!
