The improvements and expansion are very appealing. It would make for a more enjoyable experience, it would elevate Targhee from a small mountain in need of updating to a top tier mountain. Teton Valley will flourish from the economic benefits and can control density and other issues by adopting crucial design requirements and restrictions for the valley generally. Tax holds can be put in place to manage tax burdens on seniors and longtime residents.... so that can (and should) be managed. This will be an overdue improvement.
