Comments:

Hello, I support Grand Targhee's plans to improve the mountain and the ski experience for guests. Not only will these improvements make it a better ski area, with more terrain and more lifts, it will make Targhee more competitive with other ski areas. Keeping up with evolving customer demands and competing with other ski areas means that Grand Targhee needs to continue to make improvements to the resort. A healthy, vibrant, resilient business needs to invest in its future. I love skiing at Grand Targhee and I look forward to these improvements.
