No!!

I've been using the backcountry in that area for 40 years and I want no more incursions into the Jed from Targhee's endless attempts to expand. Please do not accommodate this request.

This growth juggernaut must stop. If we can't do it here in the Greater Yellowstone, then we're destined to run the human/earth experiment right off a cliff. We'll be no smarter than lemmings!

Sincerely,

Phil Round
