Last name: Vitucci

Organization:

Title:

Comments:

I am opposed to certain aspects of this proposed expansion.

1. Any ridge top development should not be allowed. It will disturb and degrade the wildlife habitat and the general public's ambiance and enjoyment of the views of the mountain range
2. Any lifts and roads east and south of the present permitted area should not be allowed. It will degrade the wilderness qualities of the Forest land adjacent and further disturb the wildlife that currently utilize this area.
