To Whom it May Concern,

As a 17 year season pass holder to Grand Targhee, I would like to vote in support of the proposed expansions and facilities upgrades. As the ski industry becomes more and more amenities based, I think that to remain viable and relevant, that Grand Targhee Ski and Summer Resort deserves all the same reasonable terrain expansions, and on-mountain amenities that other ski areas using national forest land are afforded, ie Jackson Hole Mountain Resort and Snow King Resort..

Thank you.
