I would love to see the Ratcliff Lake Dause Use and Campground rehabilitation (REC-081303-FY22), Boykin Springs rehab (GAOA 40GAOA REC-081301-FY22), Sam Houston Multiple Use Trail and the Fullerton Campground in Kisatchie National Forest prioritized. Personally, I would rank them in that order of importance. Limited public lands in the region and an overworked state park system mean the national forests here have tremendous public value.

On a related note, I would like to see priority given in the near future to reopening, re-establishing and establishing existing and new backpacking and hiking trails, of which there are a dearth in East Texas in particular. Damage done to the 4Cs trail and at the Neches Bluff Overlook rob area residents of one of the only easily accessible backpacking and hiking trails in the area.

Thanks for your time.
