Comments:

Please consider Max Patch for improved parking and toilet facilities! We are a family of 4 and live locally and enjoy visiting Max Patch. We avoid weekends at all costs, as the parking is untenable. Mondays and Tuesdays are close enough to the weekends that we know the place will smell of urine. There are many paths from the parking area to overly used "pee spots". We are not foreign to the idea of toileting responsibly in the woods and we generally advocate for it, but the general population going to Max Patch does NOT follow proper protocol and we find toilet paper, feces, and awful urine stench around the parking area and on top. This is a well loved destination and is promoted by tourism agencies, websites, and word of mouth. The hype and use will not decrease soon and we believe that parking and bathroom facilities would be a great benefit. Thank you for your consideration!
