Comments:

Something desperately needs to be done about Max Patch, located in Madison County, NC. There is a parking area (way too small) ONLY; no restrooms, no restrictions on camping, no enforcement of littering, overcrowding, and parking for miles on the narrow gravel road leading to the bald. It is a disaster. Trash everywhere. Almost impossible to turn around. This once-beautiful iconic spot is being LOVED TO DEATH. Please review the appropriate use guidelines for this heavily visited area, and then enforce them! Thank you.
