Comments:

Good morning. I am asking for assistance on managing the area Max Patch. Lately, there has been some neglect for some time with people camping or hiking, leaving garbage and other potential threats to it's natural habitat. There are no bear proof garbage bins or rest rooms for guests to properly dispose of trash. There are people that volunteer their time to clean up tents, chairs, coolers, toilet paper, feminine products and alcohol cans and bottles. There needs to be something put in place in order for people to understand the "Leave not Trace". Possibly charging for camping permits and having a waiver signed about the rules and clean up. It's getting out of hand the amount of garbage that is left behind from guests. It's not just Max Patch but pull offs, parking lots and trails are getting rather "trashy". Thank you for your time.
