ROD-080504-22-01 Improvements to Hog Pen Landing such as adding campsites and a boat ramp parking lot should be a higher priority than repaving the road, parking lot, and ramp to the Ocean Pond boat ramp. Hog Pen Landing is currently overloaded with campers in the winter which results in no place to park for the boat ramp.

Improvements at Hog Pen Landing would better serve your goal of maximizing the benefits of visitors than simply repaving the Ocean Pond boat ramp area.
