First name: Tiffani

Last name: Cornish

Organization: Stay at home mom

Title:

Comments:

A roller coaster in the Sandia's would hurt the environment. Our beautiful natural habits of so many creatures will be disturbed. The attraction will bring so many people including all of their trash and items that don't belong. I'm worried about our deer and elk community that has finally started to grow again. Please do don't bring this attraction to our mountains.
