Comments:

I request the USFS due the due diligence required by this project: first ENSURE this is legal - within the scope of the Special Use Permit. Per the Master Plan from the requestor, this is just the first project - the Master Plan includes TWO zip lines and a frisbee golf course - sounds like an AMUSEMENT PARK to me!

And second do NOT issue a Categorical Exclusion please. Do the proper environmental assessment.

And three - very disappointed that the link from this page which advertises as Main Project Page STILL goes to the requestor's page: Sandia Aerial Peak Tramway. This to me is PREFERENTIAL. The public should be linked to the Forest Service Main Page - which should be an objective source of information.

Please - take care of our forest - we have so little of it and it is so precious! Thank you - Diane Reese
