

Process thoughts

- good to allow^{all} people to talk
- shy people more comfortable
- w/ smaller group can't mix up groups much
- can't hear ~~for~~ everyone says so don't hear all discussion
- Cities on maps - have 1 Big on wall too
- No address on big - address in all publications (wasn't in news release)

like H2O Shed approach - most imp. value

like Bldg / Room

younger people - schools (HS / college)

Recreation specific

How move forward:

- facebook
 - web page
 - think about grant funding sources
 - = Quarterly mtgs - Jan / Apr
- then may have more frequent and / or break outs
- county cons. areas
 - coordinate a few mtgs at existing mtgs.
