

## #1 Open land

- Not much in watershed
- Not easy access through public
- No reason for food plots →  
↑ population deer
- Needs purchase open land  
for public access

## Openlands #2

- Mow or burn to keep in openland condition
- Illegal gun discharge → boot ramp  
openland → automatic weapon  
→ Blackwater boat launch

### Openland #3

- Use openland to establish native flora
    - Try to make as diverse as possible
    - Convert from non-native species
    - Follow field mgmt w/ emphasis on native
  - Concern about mowing cane breaks need to coordinate w/ other agencies for annual mtree. in favor of native cane
  - Recognize importance of beaver meadows
- IF sow seed, use no-till. No till is effective in not opening seedbed
